

INTERNATIONAL STUDENT TUITION AND FEES

Maranatha Christian Academy (MCA) is a pre-kindergarten through Grade 12 university-preparatory school. We are an influential school of collaborators, innovators, and explorers grounded in Christian faith, empowering co-creators of tomorrow. Our international students are fully supported—academically, socially, and emotionally—throughout their time at MCA. Our program is carefully designed to prepare students for a successful college or university education in the United States or abroad.

*The following services are included for all international students. These benefits, often extremely limited or non-existent in other international programs, are fundamental at MCA:

- Dedicated International Student Program Coordinator who serves as an advisor, teacher, and confidant to all international students on a daily basis, and regularly monitors their academic achievement.
- Beginner to advanced English Language Learner (ELL) courses with a 5:1 student to teacher ratio for all international students. All first-year international students are enrolled in ELL to help with the cultural transition to an American high school environment, develop strong academic English and vocabulary, and cultivate their skills in all four domains - speaking, listening, reading, and writing.
- Academic transition and language support is provided throughout the student's time at Maranatha and in preparation for postsecondary education. The International Student Program Coordinator is available for ongoing academic support, especially in the areas of History, English, and Bible, essay writing and high-level reading comprehension, as well as to assist students in their understanding of American educational standards.
- College application support, particularly with primary college application essays and supplemental writing essays. Maranatha has a strong emphasis on college preparatory writing, and higher Lexile level reading, students work one-on-one or in small groups with the

International Student Program Coordinator throughout the entire duration of their MCA experience.

- Social and emotional support: all international students have the Program Coordinator and licensed professional counselors available to help them navigate homesickness, friendships, social situations, stress, and culture shock. When needed, the International Student Program Coordinator works closely with the School Counselors and/or Dean of Students to be sure the student is happy and healthy during their time at MCA. Support includes connecting international students to domestic students, faculty and administration, and co-curricular activities.
- New international student orientation: one-on-one meetings with the Dean of Students to create class schedule, acclimation to classroom and school culture, laptop orientation, plagiarism discussion, school supply shopping, sight-seeing in the Twin Cities, student networking opportunities, and more.
- Special social events to assist student in their transition into our school community so they form and maintain strong friendships.
- Service outreach opportunities that allow students to engage with their peers and connect with their local communities, and the Twin Cities area.
- Daily hot lunch, with healthy and dietary sensitive options.
- Summer orientation and quarterly events throughout the year to help support new and returning students.
- Host family selection, acclimation, and support: International host families are carefully recruited, selected, and vetted to ensure the highest quality experience for our students. The International Student Program Coordinator works closely with students and their host families to ensure that the home is a safe, welcoming, happy environment for all. Quarterly home visits, one-on-one check-ins with students and host families, communication with natural parents, and student/family events are all ways that the Program Coordinator works with host families and students to build routine, communication, and a supportive experience.
- Professional development of faculty in how to best serve the needs of international students and to deepen their understanding of working with students from varying cultures. The International Student Program Coordinator plays a pivotal role in facilitating communication between students, teachers, host parents and natural parents, ensuring the success of our students.
